1641 South Kingshighway  
St. Louis, Missouri

Dear Sir and Brother:

I have this day met with E. W. Harlan, President of Bruce Motor Freight. He left the enclosures for your information. The thing he is complaining about is that the rates between merchandising companies of Des Moines and surrounding areas are much lower. For example, his rates are \$2.67 an hour; in St. Louis, \$2.26; in Omaha, \$2.23, etc. He is proposing a state wide agreement.

I have discussed this matter with Brother Hoffa and he asked me to communicate this information to you for the purpose of investigating the complaint and would appreciate your report as to the disposition of this matter.

Faternally yours,

Lawrence N. Steinberg
